Professional Experience

- Junior Software Developer**, *xlancr* 12/2024 – 03/2025
Vellore, India
- Built and deployed a cross-platform Android app using **React Native** and **Kotlin**, achieving 100% client satisfaction.
 - Developed responsive web apps using **React.js**, **Next.js**, and **Tailwind CSS**, reducing page load time by 30%
- Frontend Developer Intern**, *xlancr* 08/2024 – 11/2024
Vellore, India
- Developed dynamic and visually engaging frontend web pages using React.js, Next.js, and Tailwind CSS, improving user engagement by 30% through enhanced UI/UX.
 - Utilized **Framer Motion** to implement smooth animations, resulting in a 25% increase in user interaction and overall satisfaction, while reducing page load time by 15% through optimized animation performance.
- Software Engineer Intern**, *Alumnus Software* 02/2024 – 06/2024
Remote
- Enhanced technical expertise in **Spring Boot** by implementing optimized RESTful APIs, leading to a **40% reduction in API response time** for a high-traffic platform, improving overall performance and scalability.
 - Deployed secure RESTful APIs using Spring Boot, **boosting application security by 30%** through the integration of OAuth2 authentication, safeguarding sensitive data and reducing potential security risks.

Projects

- BotaniQ**, *AI-Powered IoT Plant Monitoring System* 02/2025 – 02/2025
- Track Prize Winner for Environment & Sustainability, Devsoc '25**
 - Key Features:**
 - Smart Sensors:** Monitored soil moisture, temperature, humidity, and light levels in real-time.
 - IoT Connectivity:** Enabled remote plant health monitoring from any location.
 - AI-Driven Insights:** Provided actionable recommendations for optimal plant growth.
 - Hackable & Expandable:** Designed as an open-source, modular system for DIY enhancements.
 - Impact:** Recognized with the Track Prize for Environment & Sustainability at Devsoc '25, highlighting botaniQ's potential in sustainable agriculture and smart gardening.
 - Team Collaboration:** Successfully executed the project with a dedicated team, showcasing strong technical and teamwork skills.
- Kairos**, *Appointment Management System* 12/2024 – present
- Overview:** Developed an Android app to manage 100+ customer appointments, boosting scheduling efficiency and engagement.
 - Key Features:**
 - Appointment Management:** Handled 50+ appointments daily, reducing errors by 95%.
 - Call Log Integration:** Synced 1,300+ call logs, ensuring accurate tracking.
 - Automated Engagement:** Enabled WhatsApp follow-ups, cutting response time by 93%.
 - Analytics Dashboard:** Displayed key metrics like call logs and revenue trends for growth insights.
 - Outcome:** Improved efficiency by 90% and reduced missed interactions by 92%.

Education

- Bachelor's of Computer Science**, *Vellore Institue of Technology* 09/2022 – 07/2026
CGPA: 8.94
Vellore, India
- Intermediate**, *Pace Junior College* 04/2020 – 05/2022
12th percentage: 78%
Mumbai, India
- Matriculation**, *Ryan International School* 04/2019 – 05/2020
10th percentage: 93.8%

Certificates

- AWS Certified Cloud Practitioner

Skills

Frontend Development — Competent
React.js, Next.js, Tailwind CSS, Framer Motion, React Native

Cloud Computing — Amateur
AWS, Microsoft Azure

Soft Skills — Competent
Problem Solving, Creativity, Teamwork, Leadership Skills

Cybersecurity — Amateur
Burpsuite, FFUF, NMAP, Wireshark

Backend Development — Competent
Spring Boot, Spring Security, MySQL, Oracle, Nest.js

General Tech — Competent
Git, GitHub, Linux, Windows, Debugging

App Development — Competent
React Native, Kotlin
